

Precautions for clients dealing in options

1. Avoid Sharing of trading credentials – login id and passwords including OTP's.
2. Refrain from trading in leveraged products like options without proper understanding, which could lead too losses.
3. Avoid writing/ selling options or trading in option strategies based on tips, without basic knowledge and understanding of product and its risks.
4. Avoid dealing based on unsolicited tips circulated through whatsapp, Telegram, Youtube, Facebook, SMS, calls, etc.
5. Refrain from trading in “options” based on the recommendations from unauthorised/unregistered investment advisors and influencers.
